

Our Profile

This group was formed in the Summer of 2008, it was initially set up in conjunction with Hospital Family Resource Centre, funding was sourced from Ballyhoura to assist with the running of its activities. The Committee meets the first Wednesday night of each month to organise the activities for the next nights entertainment which is held on the third Wednesday of each month. On this particular night activities begin at 8pm and finish at 10pm. Amongst the activities we have done to date are: Music, Song and Dance, some guest speakers including Liam Sheehan of the Crime Prevention Office in Limerick City who spoke about Home Security, Current Scams happening in communities and personal alarm systems, there was a presentation given by Pat and Theresa O'Dea on their visit to Poland last Christmas, visit from the local Community Games group who presented a number of talent items and a few evenings of Bingo, we have recently purchased our own Bingo machine and hope to run many more nights when we resume in the Autumn. The old folks Christmas party was revived last Christmas and judging from the photos it was a great success. We are greatly indebted to Martha Potter from the Hospital Family Resource Centre for all her hard work,

We currently ran our Annual Day trip which you can read all about on our Home page. A great day was had by all who attended.

Activities will cease until September 2009, if anyone has any suggestions or new ideas please contact a member of the committee or Lynda in the KDC Community Office.
